I’m Chinook and I COUNT!

The 2020 Census is Important to Us!

It is important to identify as CHINOOK on your 2020 Census Form! No matter your age, where you live or your blood quantum – you count as Chinook!

You might think the Tribe will count you in the census, but this is not the case. We do not provide enrollment numbers to the Census Bureau, so we all need to respond to make sure we are all counted.

Our participation in the census builds on our communities’ progress and helps shape our future for generations to come.

How to Register as Chinook

1. If your family is mixed and you and your children are Chinook, but your spouse or partner isn’t, then you, the Chinook parent, must be Person 1. If the Chinook parent is not Person 1 then your children are not counted as Chinook.

2. Mark only one race, or you won’t count as Chinook.

3. For a household to be counted as Chinook, Person 1 must be Chinook.

4. Identifying as Indian in the Census is a personal choice.
